

## **VCA School of Art Short Courses Winter School 2012**

### **Black and White Photographic Workshop** Jedder Jones

The Black and White Photographic Workshop will teach students basic black and white photography skills in both shooting and printing. Students will learn basic camera, film and darkroom theory while putting it into practice. This course is for both beginners and intermediate photographers.

The students involved will leave with a strong knowledge of analogue processes. They will be competent with film exposing, film developing, printing of contact sheets and printing an image. With the Black and White Photographic Workshop students will gain experience in processes that are the heart of photography.
